

Shredder DW 2060 K - Limiter

Applications

The shredders of the DOPPSTADT DW series process waste wood, logs, roots, green waste, biowaste, garbage, bulky and industrial waste, mixed construction waste and much more. For special applications, the DW shredders can be easily combined with other Doppstadt products, such as grinders or screens.

Advantages

- Maximum efficiency and low operational costs thanks to powerful direct drive
- Fine shredding system „Limiter“ (additional equipment)
- Downstream hooklift-starscreen „Selector“ (additional equipment)
