UTILITY VEHICLE

SIMPLY SUPERIOR

WORKMAN® GTX  
SIMPLY SUPERIOR

**We set out to build a utility vehicle that is simply superior to the rest.**

The result is the grounds and turf crossover Workman GTX. It boasts an unequalled combination of comfort, utility and control that makes it simply superior to the competition. Its power, steering and exclusive suspension and braking systems make the Workman GTX the most versatile, practical, and comfortable utility vehicle in its class. So whether you are changing cups, checking on irrigation, working around campus, or moving people or materials, the Workman GTX has the power and versatility to get the job done right.

## WE MADE IT LIGHTER AND STRONGER TO GIVE IT SUPERIOR POWER

Whether you choose the 429 cc petrol or 48 volt electric Workman® GTX, power and performance come standard. An impressive power to weight ratio boosts payload capacity and productivity. The Workman GTX is the smarter, more efficient way to get the job done!

WORKMAN® GTX  
SUPERIOR VERSATILITY

## WE MADE IT FIT YOUR NEEDS. ALL OF THEM.

Introducing your new vehicle, watering rig, people mover, utility cart, toolbox, irrigation cart, material hauler, cruiser, garbage collector, crew shuttle, equipment transporter ... best friend. The Workman® GTX is adaptable for any task. Two or four-seat configurations come with bench or bucket seats. Front and rear attachment points for garbage cans, hose reels or walk spreaders free up the bed for more hauling capacity. 4ft (1.2 m) and 6ft (1.8 m) flat beds are available. With over 300 unique configurations available, you are sure to find the one that fits your needs.

WORKMAN® GTX

# SUPERIOR DURABILITY

## **We were tougher on it than you will ever be.**

Virtually unbreakable exterior components and a powder coated frame and underbody give the Workman GTX superior durability. How do we know? We pushed it to the limits with the most punishing field and labs tests. The Workman GTX has been through it all so you can run it hard, day after day with confidence.

## SUPERIOR DETAILING

### **We made sure to do the little things right**

We didn't think of everything. You did. We just listened. We gave it hydraulic disc brakes to minimize maintenance and provide consistent, safe stopping. Full access to the engine compartment makes services a breeze. Storage is abundant and two standard USB ports make a dead phone on the job a thing of the past.

## SUPERIOR SUSPENSION

---

# WE BROKE THE MOULD TO GIVE IT THE MOST COMFORTABLE RIDE

Coil-over shocks on all four tyres deliver greater suspension travel and adjustability resulting in a smoother ride and minimized operator fatigue. We also made it the only vehicle in its class to feature a split frame to further increase ride comfort.
